YEARBOOK STAFF

We, the F. M. G. Uniteer Staff, have tried to make this, our first yearbook in the Florence M. Gaudineer School, an outstanding one. After weeks of strenuous activity, the editors, together with their very competent assistants, have completed this edition, which we hope will be only the first of many successful yearbooks for our school.

Probably the hardest problem we have had to decide upon was an appropriate name for the yearbook. Numerous suggestions were submitted and each one was given careful thought and consideration. There were many excellent suggestions, but we were earnest in our desire to select the very most significant one we could find. Finally, our choice was narrowed down to one name which seemed to stand out among all others: Uniteer.

This title was offered by Robert Keith from a suggestion by David Freedman. David's idea was that the pupils in the Gaudineer School are now a unified group, in contrast to having once been members of two schools. He said that *unity* should somehow become a part of the name. Robert took the idea, combined unity with the last three letters of Gaudineer and suggested Uniteer. So the F. M. G. Uniteer was born.

JUNIOR POLICE

The service group of the school, the junior police, consists of eighth grade students, who are advised by Miss Kosloski. The members of the group assist in the enforcement of certain school rules. One of their duties is to maintain an even flow of traffic during changes of classes and another duty is to escort visitors about the building. To be elected a member of the service group is considered quite an honor.

SOCIAL COMMITTEE

The social committee consists of one representative from each homeroom, with Miss Guerin and Miss O'Brien as advisers. Members of the committee have organized the dance programs and provided prizes for the various parties held during the year. Mr. Dryzga announced the dances for each program. These parties have made a welcome contribution to the social life of our school and promoted a feeling of unity by bringing us all together for fun and recreation.

CAFETERIA

Something new came into the lives of upper grade boys and girls when they moved into the Florence M. Gaudineer School. A beautiful, well-equipped cafeteria awaited them. Mrs. Couch and a competent staff were there to greet the students with cheery smiles and well-filled platters.

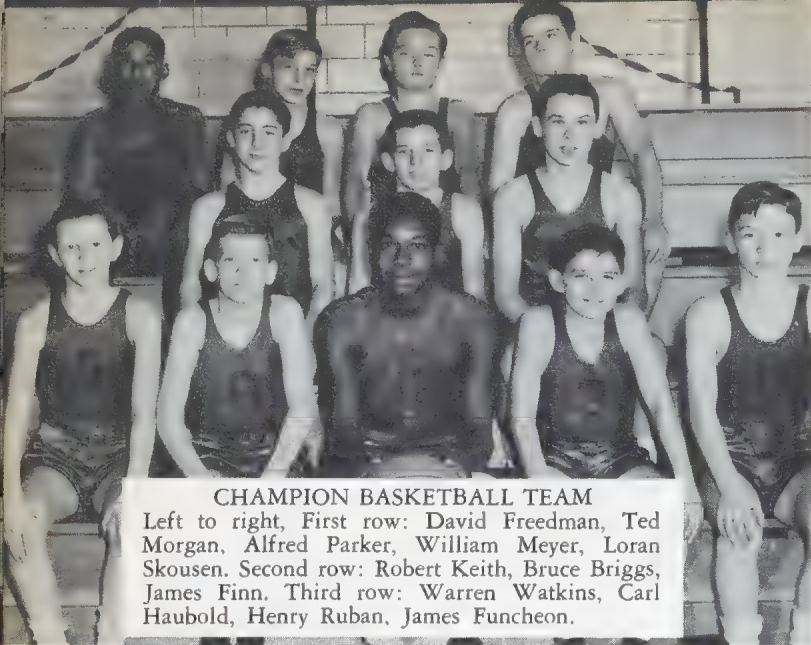

Grade A lunches are served at a very small cost. Several varieties of ice cream are always available. A menu is published weekly so that students may plan to have lunch in school or to bring lunch from home.

When the weather permits, students go outside to play after lunch. On bad days they remain inside where they do lessons, read, or watch television.

During December and January the boys of the sixth, seventh, and eighth grades took part in an intramural volleyball tournament. Each homeroom elected a captain, who, in turn, selected players for the homeroom team. Mr. LeBoeuf, the physical education instructor, supervised each game and gave advice to the boys. The games were highly competitive and therefore, very exciting. The champions of each grade were given awards during the assembly.

A basketball team was organized to play in the tournament conducted by Regional High School. Any boy in the seventh or eighth grade was eligible to try out for the team. The final team was chosen by Mr. LeBoeuf.

The team practiced every day after school and on Saturday mornings. Finally tournament time arrived with the following results:

Springfield 30	Garwood 19
Springfield 22	Berkeley Heights 20
Springfield 37	Kenilworth 22
